National Health Mission
Himachal Pradesh

To,

All the Chief Medical Officers,
Himachal Pradesh

Dated Shimla-9, the

Subject: Drop back after sterilization using Janani Express Ambulances (102).

Sir,

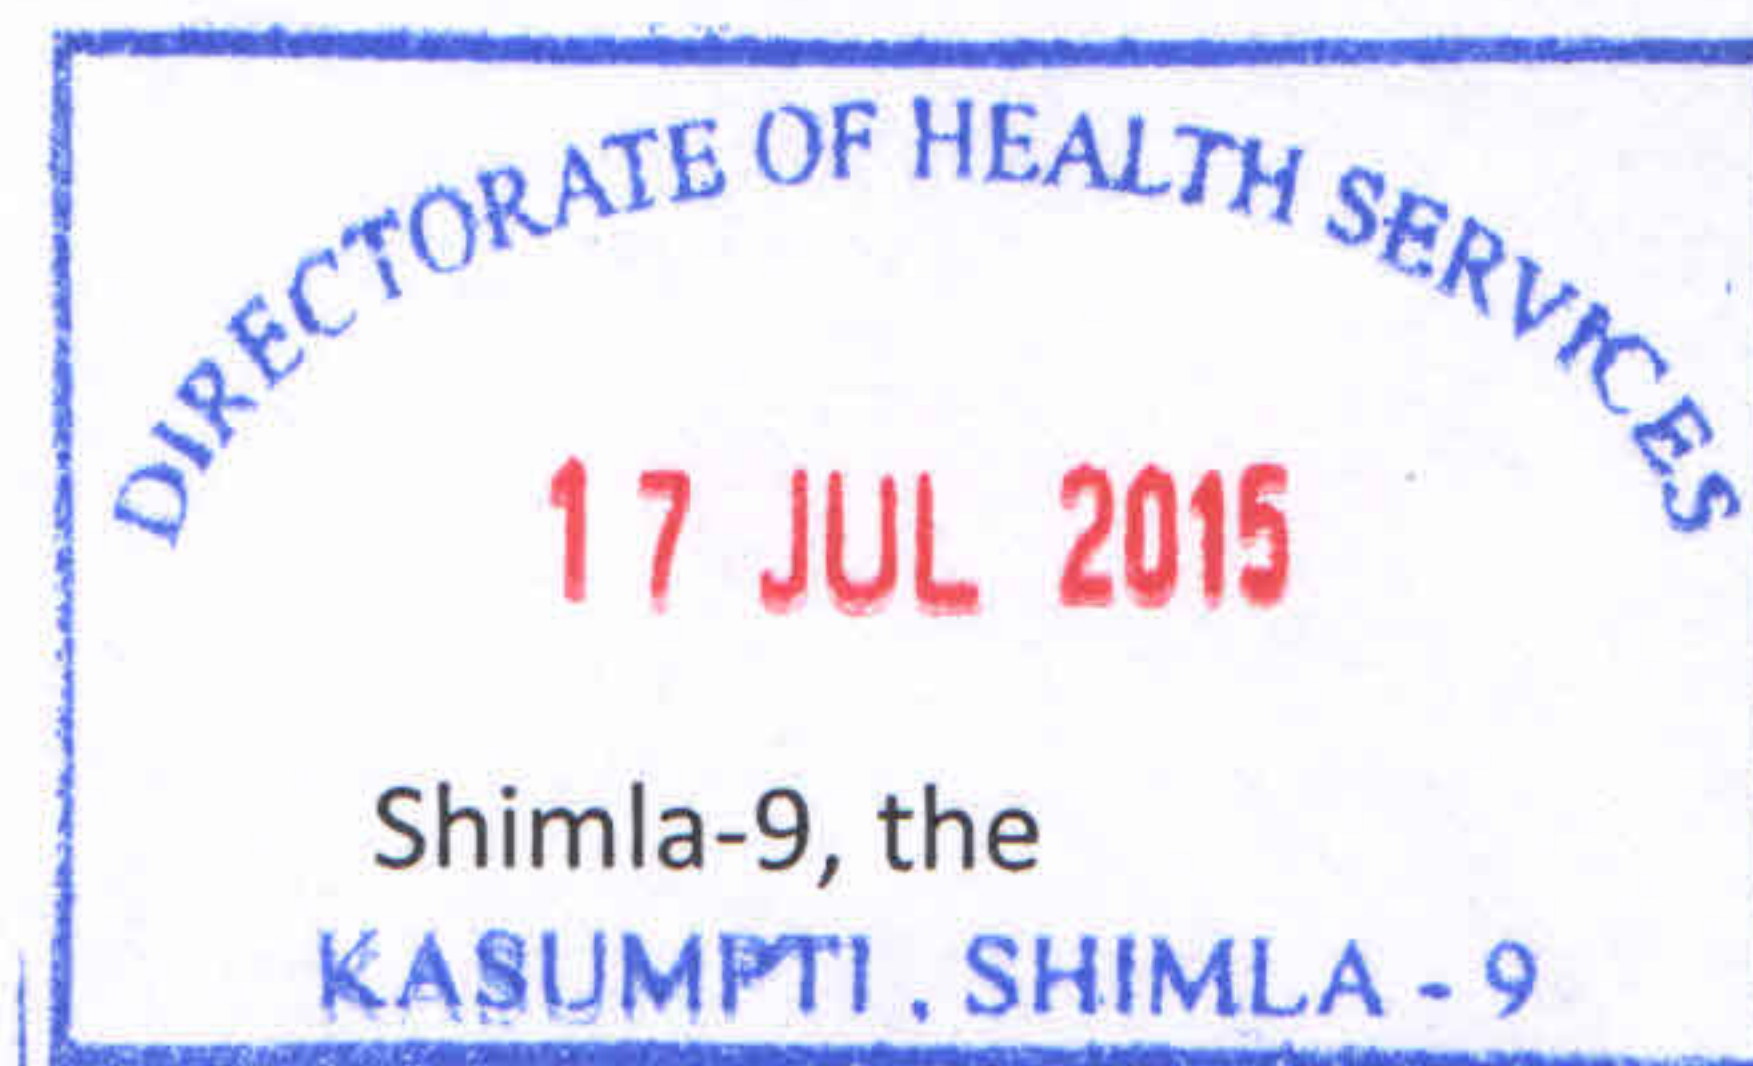

The government has decided to provide free drop back facility with immediate effect to clients undergoing sterilization operations in various public health institutions of the state as per the following conditions:

1. Drop back has to be provided for all beneficiaries (male and female) along with one attendant of each after sterilization operations which includes drop backs from public health institutions following fixed day approach and from all public health institutions in which sterilization camps have been organized.
2. The Medical Officer In-charge of the public health institutions where sterilization operations are conducted, either on fixed day basis or camp approach, will be the requisitioning officer for Janani Express (102) and will call at toll free number 102 for requisitioning of the same. The in-charge of the PHI has to ensure clubbing of beneficiaries (upto four) in one vehicle for beneficiaries travelling in same / similar directions. The clubbing of beneficiaries is to be done in such a manner that Janani Express ambulances are utilized optimally and thereby minimizing the expenditure of the state exchequer. The In-charge also needs to ensure that surgeries are performed in batches and of the person belonging to same area as far as possible and the earlier batches be sent home earlier.
