**Subject: Regarding use of stamp in URI (FLU) corners and Home quarantine signages**

**Sir/ Madam,**

This is in continuation to the letter No. NHMHP-RNTCOTRN(2019)-RNTCP Section dated 05<sup>th</sup> March 2020 regarding use of Cough Corner as Upper Respiratory Infection (URI) Corners in all Medical Collages & major hospitals for implementation of basic airborne infection control measures in view of COVID – 19. It is hoped that all the Medical Colleges and District hospitals have established URI (Flu) Corners and provided the necessary requisite requirements for registrations i.e. laptop or desktop with printer facility, formats for registrations and reporting, IEC materials on Corona and TB along with adequate trained staff in these Corners.

In order to better screen suspected cases at the URI corner(s), you are requested to make a Stamp with specific contents (sample design enclosed) and make available in the URI corner of your Institution. All OPD slips of symptomatic cases may be stamped during the screening process by the concerned staff of URI Centre with an immediate effect.

Further, a sample of the home quarantine signage has been enclosed for display outside the home of the person(s) who are under home quarantine for information of general public as well.

You are further requested to take necessary action in the matter please.

*N. [Signature]*  
21/3/20  
Special Secretary (Health) cum  
Mission Director, NHM  
Himachal Pradesh, Shimla - 9

**Endst no. As Above, Dated: 21<sup>st</sup> March 2020**
